Rights and Respecting School

In one of our last One Voice sessions before Christmas, we talked about St Paul's taking part in the Outright Campaign. Can you remember what this is for?

Mental health and children's rights (Recap- Mental health refers to how we think, feel and behave, **this changes** and that is okay).

We linked mental health with articles, can you remember any of them?

- Article 2- No discrimination (race, background, gender etc)
- Article 3 -The best interests of the child must be a top priority in all things that affect children.
- Article 12- Every child has the right to be heard and taken seriously
- Article 13- Freedom of expression and to receive true information
- Article 24- The right to a clean and safe environment (and the best possible health)
- Article 29- Education must develop every child's personality, talents and abilities to the full.

Thank you everyone!
