

Wednesday 12 th October	<p><u>Let's take notice!</u></p> <p>Autumn is well underway now, what changes have you noticed on the way to school/ over the weekend/ playtime?</p> <p><u>Reminders & News</u></p> <p>We did not have One Voice yesterday because Year 3 and 4 had their Stone Age Day, children in this year group can share the activities that they took part in. Article 28 is the right to education; can you think of a day in your learning that you remember/ enjoyed that moved your learning forward?</p> <p><u>Rights Respecting</u></p> <p>What is our RRSA Outright campaign focused on this year?</p> <p>This year's campaign is all about children and young people's right to the best possible health and the systems that support it. If possible show this intro video (3mins with your group)</p> <p>https://youtu.be/SjyfceGoZA0</p> <p>Recap- What is health? Discuss! Health is "a state of complete physical, mental, and social wellbeing and not merely the absence of disease" according to the World Health Organization (WHO) What does this mean?</p> <p>What is a health system? Health systems are made up of the people, organisations and resources that look after everyone's health. - Doctors, midwives, dentists, community health workers, psychiatrists and occupational therapists. Can you think of anymore?</p> <p>- The places they work, like hospitals, clinics, GP surgeries and more. - The equipment they use, and the medicines they prescribe for us. These are all part of health systems.</p> <p>As well as all this, campaigns (using things like posters, leaflets and TV ads) are important too. They encourage us to make healthy lifestyle choices, give us information we can trust about healthcare services and how to seek help when we need it. Have you seen any of these campaigns?</p> <p>Thank you 😊</p>
